Brookfield Annuity Company is wholly owned by **Brookfield Reinsurance Ltd.** ("Brookfield Reinsurance"), a leading reinsurance business focused on providing capital-based solutions to insurance companies and their stakeholders. Brookfield Reinsurance is listed on the TSX and NYSE under the symbol 'BNRE'. Through its operating subsidiaries, Brookfield Reinsurance provides a broad range of insurance products and services to individuals and institutions, including life insurance and annuities, health, and personal and commercial property and casualty insurance.

We are seeking a **Manager, Finance** be part of the company's finance team. This role will report into the Chief Financial Officer and will be primarily responsible for leading the company's financial reporting function. They will also be involved with other responsibilities within the department including financial governance & compliance, treasury, tax, business planning & forecasting and strategic initiatives. Given our team-based approach, there is an opportunity to interact with other functions and departments, including actuarial valuation, investments, risk, and compliance. In addition there will also be opportunities to mentor and lead other junior team members.

Responsibilities:

- Lead the preparation of the company's IFRS financial statements, regulatory returns, and financial analyses for the company's Board on a quarterly and annual basis
- Lead the production and review of financial reporting to Brookfield Reinsurance for their consolidated financial reporting under US GAAP
- Lead the resolution of complex technical accounting matters and the execution of regulatory updates by researching technical accounting standards and coordinating with stakeholders
- Produce and present various analyses and reports to the senior management
- Continuously look for and implement efficiencies and improvements in processes and controls
- Liaise with, and build positive and responsive relationships with, internal and external auditors in relation to the audit, including SOX compliance for parent company's public reporting
- Mentor and lead junior finance staff as required
- Work closely with the company's actuarial valuation team and external actuarial consultants to ensure timely and accurate IFRS 17 and US GAAP insurance reserving
- Coordinate, and respond timely to, ad-hoc requests from other functions and departments
- Assist with treasury functions such as timely funding and settlement of investments and derivatives
- Assist with liquidity management and liquidity reporting to senior management
- Assist with annual business planning and quarterly forecasting
- Assist with tax compliance, forecasting and planning
- Represent the Finance team in cross-functional special projects, as required

Requirements:

- Professional accounting designation (CPA, CA)
- Minimum of three to five years of progressive work experience in a reporting, accounting or auditing function
- Insurance exposure and knowledge of insurance accounting standards (IFRS 17) is highly preferred
- Strong analytical skills and ability to resolve issues in an effective and practical manner
- Team player with excellent communication, collaboration and relationship management skills
- Strong attention to detail and diligence in tasks is a necessity
- Ability to multi-task and perform well in a dynamic, complex, and fast-paced environment
- Motivated, committed, and resourceful
- Demonstrated initiative and leadership skills
- SOX and US GAAP audit or reporting experience is an asset
- Knowledge of Microsoft Dynamics and Workiva is an asset

Note: This role requires in-office presence at our downtown Toronto office at least 4 days a week
